

## NOA Bank Mobile Banking app - New Feature!

We've made some helpful improvements to our Mobile Banking app.

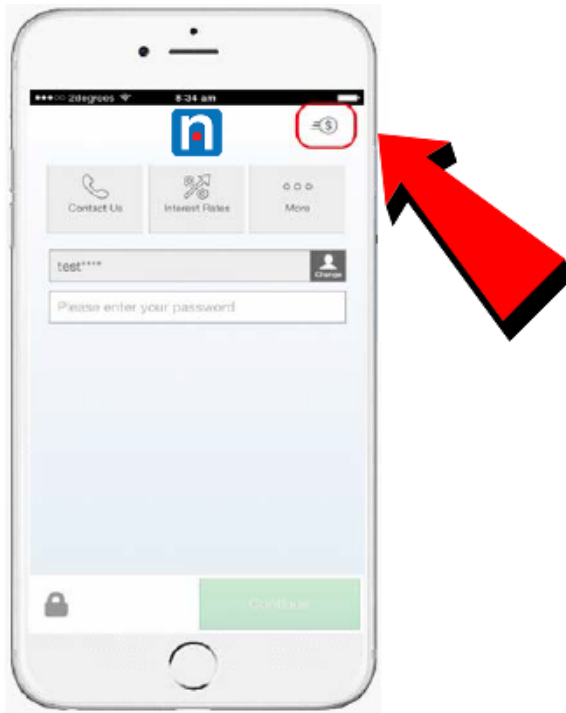

A new version of the NOA Bank Mobile Banking app with a new feature will be available on Google Play Store and Apple App Store, during the day, on July 27, 2016.

### New Feature - Instant Balance

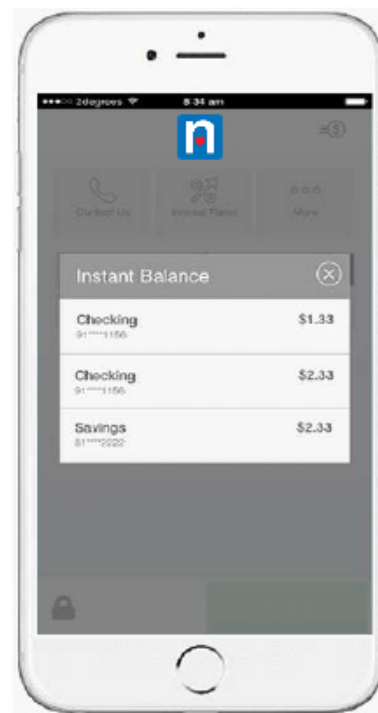

- Instant Balance is a secure, read-only feature that allows users to see select account balances without logging on the to app. Instant Balance uses the same preauthenticated balance inquiry that the system uses for delivering balances via text message(SMS).

### Enabling the Instant Balance Feature

Please tap the instant Balance icon in the top-right corner of the log on page to learn more and to enable the feature.

*The new Instant Balance icon.*

*The Instant Balance pop-up box shows current account balances for up to six accounts per user.*

**If you have any questions regarding NOA Bank mobile banking, please contact your nearest NOA Bank branch office. Thanks for being a NOA Bank Mobile customer.**

### Supported Operating Systems

**Apple Devices:** Requires iOS 7.0 or later

**Android Devices:** Requires Android OS 4.1 or later.
