

Introducing New Alerts System

When it happens, you know. Talk about a feeling of security.

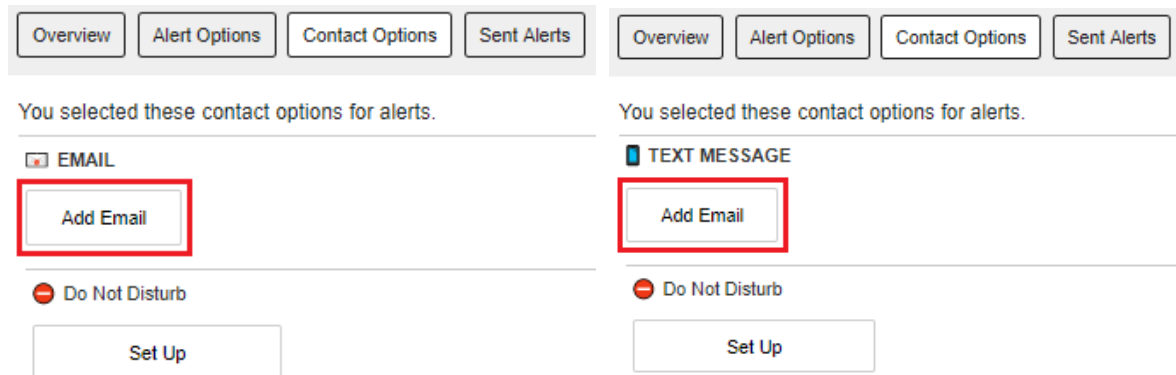

To enroll in alerting

1. **Log on** to Online Banking.
2. Click **Enroll**. Then, the system will display the enrollment page.

The screenshot shows the 'Alerts' section of the online banking interface. It features a 'Stay Alert' warning icon and text: 'Know about changes to your finances and online security. Choose when and what alerts you get by email or text message.' A blue 'Enroll' button is highlighted with a red box.

3. Specify how you would like to see your alerts. you can choose to receive alerts through **email, text message**, or both and you can also set up **Do Not Disturb** options for your alerts.

Two side-by-side screenshots show the 'Alert Options' step. The left screenshot shows the 'EMAIL' option selected, with an 'Add Email' button highlighted in red. The right screenshot shows the 'TEXT MESSAGE' option selected, with an 'Add Email' button highlighted in red. Both screens also show a 'Do Not Disturb' option and a 'Set Up' button.

4. To receive alerts, click **Add email** or **Add Mobile**, specify your information.
5. Click **Send Activation Code**.
(The system sends an activation code to the email address or mobile number that you defined)

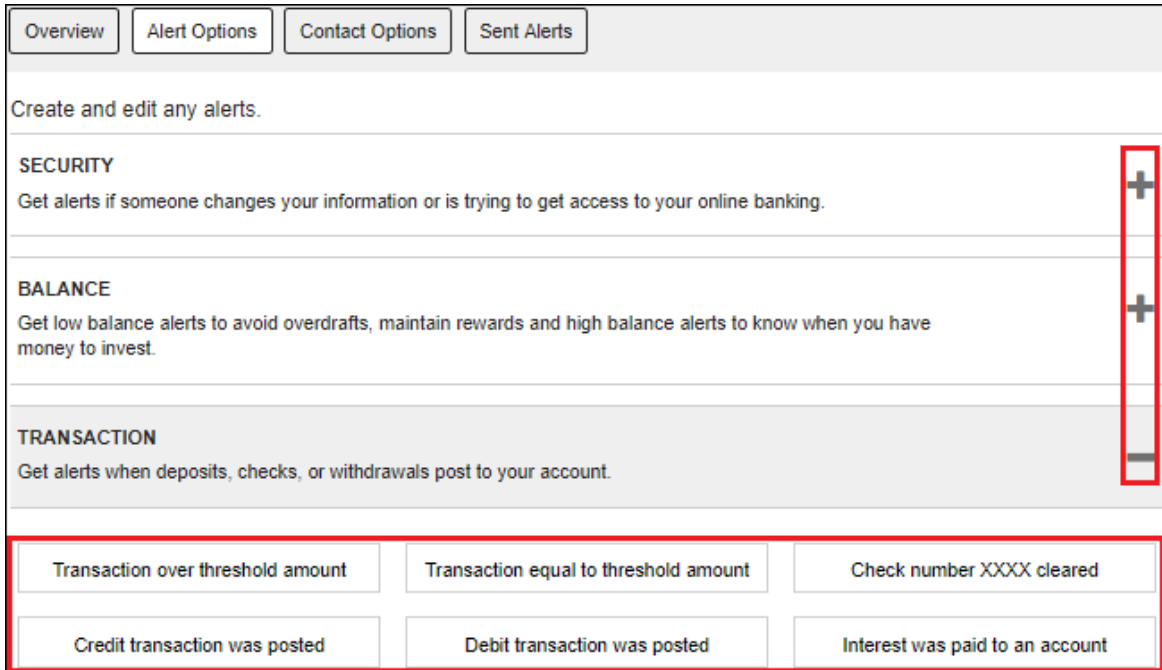

The screenshot shows a 'Not Activated' status and a 'Send Activation Code' button highlighted with a red box.

6. Type the activation code that you received in the **Activation Code** field and click **Activate**.
7. You may repeat step 3 to establish alerts for additional email addresses and mobile numbers.
8. Click **Next** to save your contact options. Then, the system will display the **Alert Options** page.

To set up alert options

1. To set up alert options, locate the alert category to set up an alert.
2. **Expand** an alert category to view all of the alerts available for that category.
